## CHAKRA FEET TREATMENT

We are coming with pleasant news from our Maximus Boutique salon. We have added Chakra feet treatment to our offer, which is a very gentle and relaxing technique due to which the energetic body system is being harmonized. The aim of this treatment is a deep relaxation, calming and start-up of regeneration processes. Some clients even experience mindful dreaming during the treatment, which is considered as a very intensive kind of resting. We are happy to introduce this therapy as the first in the Czech Republic. To book, please call M: +420 702 830 774. More information on [www.boutique-salon-maximus.cz](http://www.boutique-salon-maximus.cz).
